Assembly Guide

4600 Square Bistro Table

- Ensure no tools and components are disposed when disassembling.
- Do not throw away the packaging until finished assembling.
- We recommend using a clean paper towel to remove dust during assembly.
- Use a clean and even surface for assembly.
- Choose a location close to the place where you intend to use this furniture.

- Identify all the components before starting assembling.
1. Drive the part C into the part A until the 2 parts are fixed together tightly.

2. Position part A and part D by the dowel of part B, then tighten the screw C.

3. Assemble the leg with the top, tighten the 4 screws.
